

MEMORANDUM FOR: Deputy Director (Administration)

FROM: Chief of Logistics

SUBJECT: Proposed Regulation No. [REDACTED]
Entitled: "Logistics Requirements"

25X1A

25X1A

1. Attached is proposed Regulation No. [REDACTED] forwarded for your approval. This Regulation places the authority and responsibility for determining and processing of logistics requirements within one element of the Agency.

2. At present, requirements are developed by case officers and area division logistics officers, in many instances without sound logistical planning. The implementation of this Regulation will insure the development of sound requirements based on firm logistical concepts.
